

# Backdrop

landscapeforms®

## Product Data Sheet

Backdrop is modular panels, posts and accessories that create and define active space for campuses, streetscapes, residential communities, and retail and hospitality destinations. Wall-height and bar-height panels in straight or L-shaped configurations, and two additional heights for white glass (small and large), are the adaptable base units of Backdrop, offering virtually endless customizability in layout, functionality, and degree of enclosure. The panels are adjoined by posts and connectors that create two-way, three-way, or four-way junctions at 90 or 120 degrees. Backdrop's integrated power garage posts offer convenient charging for mobile devices. Infill panels can be slatted, perforated, glass, planted green screen or louvered in left and right angles to enhance ambiance and visual transparency. Glass panels can be paired with the slatted panels to provide wind protection and privacy.

### Panels

#### Shape Options:

- Straight
- L-shaped (left and right)

#### Fill Options:

- Horizontal Slatted
- Vertical Louvered
- Perforated metal
- Green Screen
- Tempered Safety Glass
  - Clear
  - Colors: White, Red, Green, Yellow, Blue, Dark Blue

#### Height Options:

- Small height (29 1/2" white tempered glass only)
- Large height (37 1/4" white tempered glass only)
- Bar height (41 1/4")
- Wall height (72")

### Glass Wall Panels

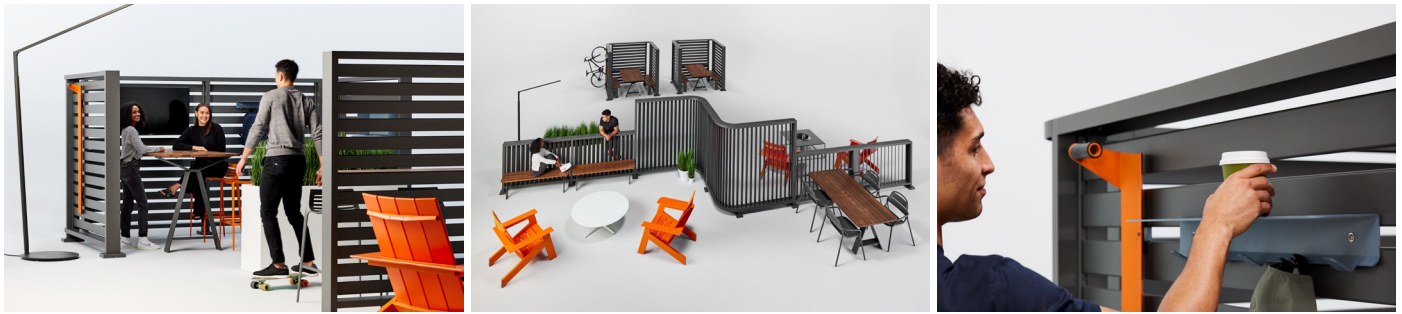

Tempered safety glass is heat treated, making it four times stronger than regular glass and it does not leave sharp edges when broken.

## Product Data Sheet

### Panel Posts

- Standard Post:
  - Bar height
    - single connection
    - dual connection
  - Wall height
    - single connection
    - dual connection
    - stepped connection
- Power garage post (USB & GFCI):
  - Bar height
    - single connection (left and right)
    - dual connection
  - Wall height
    - single connection (left and right)
    - dual connection
    - stepped connection (left and right)

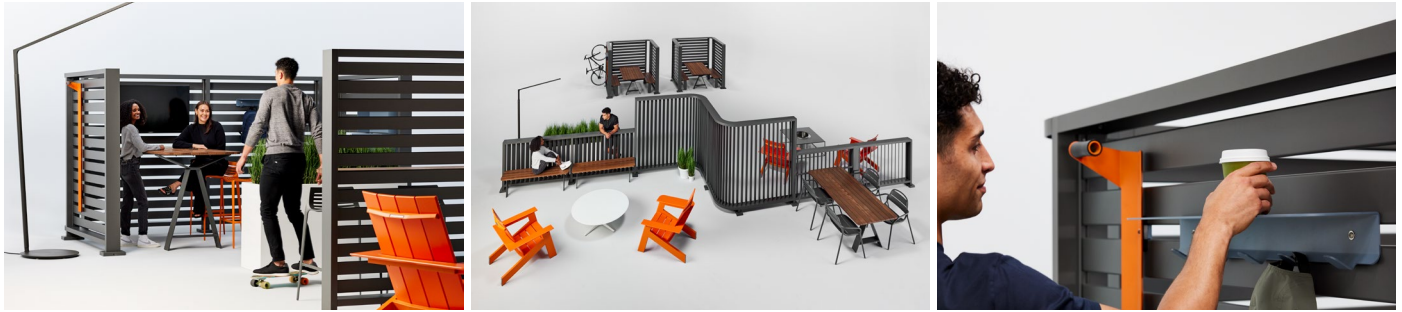

### Accessories

- Peninsula tables:
  - Dining – wood or metal tops
  - Standing – wood or metal tops
- In-line bar tables:
  - Wood or metal tops
- In-line bench straight
  - Wood top
- Floating shelf
- Bike rack
- Coat rack
- Connectors:
  - 90 degree
  - 120 degree
  - T-shaped
  - Y-shaped
  - X-shaped

# Backdrop

## Product Data Sheet

### Installation

- Backdrop does not ship fully assembled.
- Glass panels ship separately from unit and will include glass safety decals in hardware pack for installer to apply. (Please refer to installation guide for more information regarding the glass safety decals.)
- Installation hardware will include screws to secure panels and accessories to the posts.

### Finishes

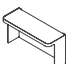

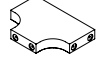

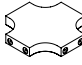

- Metal is finished with Landscape Forms' proprietary Pangard II® polyester powdercoat, a hard yet flexible finish that resists rusting, chipping, peeling, and fading.
- Visit [landscapeforms.com](https://landscapeforms.com) for the standard color chart.

### To Specify

- Select panel type and size.
- Select post type.
- Select connectors.
- Select accessories.
- Select standard powdercoat color.

Designed by Landscape Forms in Collaboration with KEM Studio.
