

# DOMUS SHELTER

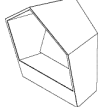

## Product Data Sheet

Ultra-high-performance concrete technology makes possible Domus' innovative one-piece shelter and bench design. Domus provides refuge from the rain and shade from the hot sun.

### Bench

- Domus is a UHPC concrete bench with a shelter feature.
- The shelter feature creates a cooler microclimate in its interior, while also providing shelter from elements.
- This bench is made from a single block of UHPC Slimconcrete and reinforced with stainless steel (see further details below).
- Bench must be surface mounted.

	DEPTH	LEGHTH	HEIGHT	PRODUCT WEIGHT
	47"	66"	89"	3,880 lb

### Material

- Slimconcrete® is the trademarked name used by Escofet for its ultra-high performance cast stone, a recipe in which the aggregate contains reinforcing elements such as fiberglass, PVC (polyvinyl chloride), or PVA (polyvinyl alcohol.)
- Slimconcrete® is a highly engineered material that enables casting of lighter weight, thin-profile forms with exceptional strength and high resis-tance to compression, bending, impact and wear.
- It has spurred experimentation with form and the creation of cast concrete products with novel structural and aesthetic qualities.
- The colors of Escofet cast stone products are neutral, muted and earth-toned and are derived from the aggregates used in casting.
- No color is added in manufacture and no color is applied to finished products.
- The color range of every Escofet cast stone product is pre-determined by the formulation used in its manufacture.
- Slimconcrete® products do not require any specific maintenance during their estimated lifespan of more than 30 years.
- Water absorption and freeze-thaw cycles can cause weathering, a reproduction of the process that takes place in natural rock.
- Escofet applies a waterproof finish to its products to protect against this process.
- Escofet cast stone products are large and heavy.
- Shipping, receiving, staging and installing these pieces is more akin to handling large statuary or pre-fabricated architectural elements.
- See installation guide for important information.

# DOMUS

## Product Data Sheet

### Product Warranty

- ESCOFET warrants the durability of its product to Landscape Forms for a period of five (5) years from the date of invoice.
- The warranty covers the repair or replacement of the product or components at no charge.
- Notwithstanding, this warranty does not cover damages to ESCOFET products resulting from unloading; handling; installation; abuse; exposure to paint, liquids or corrosives; or any other damage not attributable to ESCOFET.
- The warranty shall also be void if ESCOFET products are tampered with, handled, removed or modified by persons not authorized by ESCOFET; or if the product has not been properly maintained by the customer.

### To Specify

- To order, specify Domus Shelter and select standard color.
- Domus is surface mounted.
- See materials/color sheet for Escofet's standard color options.
