HARPO

Harpo is a new bench collection from global partner Santa & Cole, a company celebrated for high design in the modernist tradition. Designed by the distinguished father-and-son team Miguel and Gonzalo Milá, the collection

includes a short and long bench, with and without back and arms. The visual language is pure, clean and architectural. The pieces are slim in profile, robust in structure. Harpo has a formed steel frame with slatted seats and backs, with a choice of wide aluminum slats or wood slats in wide and narrow widths that allows distinct aesthetic approaches. Uncommonly comfortable seating, Harpo is universally suited to streetscapes, public parks and private spaces.

Site furniture in an international language. Design refined to its essentials.
