

# LENA

Product Data Sheet

Lena is a large volume planter in reinforced cast stone with a geometry based on a slanted cone with two non-parallel planes. This ingenious planter with its deep-grooved surface can be used in two positions: with the larger diameter at the top (open); and in the reverse position (closed). In both cases the bottom of the planter is open to the ground and can be installed on pavement, sand or earth.

## Planter

- Lena, is a large-volume planter, with a design based on the geometry of an open cone.
- The surface of this Reinforced Cast Stone product features an acid-etched/waterproof finish, and is available in Grey, Black, White, and Beige.
- This planter is open on both ends and can be installed with either end facing up to achieve different looks.
- Lena is freestanding, and can be installed directly on pavement, sand or earth.
- A geotextile, or thin layer of porous concrete can facilitate drainage if placed on pavement to prevent soil loss.

	DIAMETER	HEIGHT	PRODUCT WEIGHT
	93"	39"	2,297 lb

## Material

- Reinforced Cast Stone is cast stone that is poured and cast over an iron re-bar cage built to fit within the walls of the mold.
- Reinforced Cast Stone makes it possible to cast thinner, irregularly shaped forms while retaining appropriate strength.
- The colors of Escofet cast stone products are neutral, muted and earth-toned and are derived from the aggregates used in casting.
- No color is added in manufacture and no color is applied to finished products.
- The color range of every Escofet cast stone product is pre-determined by the formulation used in its manufacture.
- Cast stone products do not require any specific maintenance during their estimated lifespan of more than 30 years.
- Water absorption and freeze-thaw cycles can cause weathering, a reproduction of the process that takes place in natural rock.
- Escofet applies a waterproof finish to its products to protect against this process.
- Escofet cast stone products are large and heavy.
- Shipping, receiving, staging and installing these pieces is more akin to handling large statuary or pre-fabricated architectural elements.
- See installation guide for important information.

## LENA

## Product Data Sheet

**Product Warranty**

- ESCOFET warrants the durability of its product to Landscape Forms for a period of five (5) years from the date of invoice.
- The warranty covers the repair or replacement of the product or components at no charge.
- Notwithstanding, this warranty does not cover damages to ESCOFET products resulting from unloading; handling; installation; abuse; exposure to paint, liquids or corrosives; or any other damage not attributable to ESCOFET.
- The warranty shall also be void if ESCOFET products are tampered with, handled, removed or modified by persons not authorized by ESCOFET; or if the product has not been properly maintained by the customer.

**To Specify**

- To order, specify Lena, and standard color.
- Lena is freestanding.
- See materials/color sheet for standard color options.
