

SORELLA

Product Data Sheet

Classic in form. Sleek in steel. Sorella is the lovely Italian word for "sister" and an apt name for this attractive family group. Sorella planters are related in their construction and softly curved rectilinear profile, complementary in their individual shapes and sizes.

Sorella

- Sorella planters may be specified in powdercoated metal.
- Planters available in rectangle or square shapes, in 18" and 30" heights.
- Fabricated, welded and ground steel panels attach to a recycled plastic base, with glides and optional drain holes.
- Planter bases and glides are compression-molded recycled plastic resulting from an innovative, patented melting process that utilizes 100% post-consumer and post-industrial waste.
- This unique process blends several material types, channeling more discarded plastics away from the landfill and into new life.
- Bases are 100% recyclable.

Finishes

- All metal is finished with Landscape Forms' proprietary Pangard II® polyester powdercoat, a hard yet flexible finish that resists rusting, chipping, peeling and fading.
- A wide range of standard, optional and custom colors are available.

To Specify

- Select Sorella planter, product description and size.
- Select powdercoat metal color.
- Specify with or without drain holes.
