

Typology Ribbon Bench

landscapeforms

Sustainability Data Sheet

Sustainability is the foundation of Landscape Forms' commitment to enhance the experience of outdoor space. Across our portfolio, we prioritize responsible design, materials, manufacturing practices and partnerships that honor the environments we help shape—today and for the future. Each solution reflects our ongoing efforts to reduce environmental impact and advance sustainable landscape design through thoughtful decisions across the entire lifecycle.

Typology Ribbon Bench is manufactured using the following materials:

Material	Parts	Recyclable
Glass Fiber Reinforced Concrete (GFRC)	Bench Seating	100%
Aluminum	Support Structure	100%
Sheet Steel	Backs, Arms and Surfaces	100%
Various, see guide specs	LED Cartridge	

Finishes

All metal is finished with polyester powdercoat, a lead-free and hazardous air pollutants (HAPS)-free finish that does not generate hazardous waste and contains less than 1% VOCs. Once cured, trace VOCs are fully inert, ensuring the finish does not release airborne contaminants.

Packaging Materials	Parts	Recyclable
Biodegradable Plastic	Product Bagged to Protect Finish	100%
Recycled Skid		100%
Cardboard with 35% Recycled Content		100%

To find local recyclers visit: for aluminum: www.recyclealuminum.org; for steel: www.recycle-steel.org; for cardboard: www.fibrebox.org.

Typology Ribbon Bench

Sustainability Data Sheet

Recycled Content			
Style		Post Consumer	Pre Consumer
Straight Bench, 3 Supports		7.3%	7.1%
Small Radius Bench, 3 Supports		8.2%	7.7%
Large Radius Bench, 3 Supports		8.0%	7.6%
Retaining Wall Bench		19.8%	14.0%
Backless Arm		59.0%	31.9%
Full Lean Back		59.0%	31.9%
Partial Lean Back		59.0%	31.9%
Lean Back Armrest		59.0%	31.9%
Full Perch Back		59.0%	31.9%
Partial Perch Back		59.0%	31.9%
Perch Back Armrest		59.0%	31.9%
Perpendicular Surface		59.0%	31.9%
Left or Right Surface		59.0%	31.9%

Care and Maintenance

Typology is designed and engineered to live a long, useful life in outdoor spaces without the use of chemical cleaners to maintain the finish. The durability, longevity and low maintenance of our products contribute to responsible stewardship of the earth's resources.

All metal is finished with Landscape Forms' proprietary Pangard II® polyester powdercoat, a hard yet flexible finish that resists rusting, chipping, peeling and fading and requires no cleaning solvents once installed. Clean surface as needed using a soft cloth or brush with a mild detergent. Avoid steam cleaning, abrasive cleansers, carbon steel brushes/wools and cleaners containing chlorine. Outdoor use will require periodic finish inspection and maintenance. Inspect periodically for scratches, nicks and gouges. Touch-up paint is included with every order and can be used to repair minor nicks and scratches.

Glass Fiber Reinforced Concrete (GFRC) is an engineered material that is inherently UV stable. Glass Fiber Reinforced Concrete (GFRC) products ship standard with an environmentally friendly sealer that guards against water and environmental contaminants such as dirt or algae.
